NOTICE:

PRINCIPLES GOVERNING ISSUE OF IMPORT LICENCES FOR THE SHIPPING PERIOD JANUARY-JUNE 1948.

--

(G.O.Ms.No. 158, Development,12th January 1948)

The following notice of the Government of India, Ministry of Commerce, dated 12th December ~~1~~ 1947, is republished:--

The following decisions made by the Government of India, governing the issue of import licences for the shipping period January-June 1948, are hereby published for general information.

2. Owing to the continued foreign exchange stringency the main features of import Control restrictions will be maintained for the present. The dollar position, as the public are aware, has seriously deteriorated in recent months all over the world. In order to keep a close watch on the situation and to take measures appropriate to meet it, a distinction has for the present been made between dollar and non-dollar areas of supply in the administrative arrangements for licensing. The arrangements will, if necessary, be reviewed if the dollar position improves.

The dollar area, for this purpose, is defined as including all countries comprised in the continents of North, Central and South America, and the Philipine Islands.

3. Appended to this Public Notice are lists which comprise

(i) A list of articles which will be licensed freely for imports from dollar areas.....(Appendix A)

(ii) A list of articles which will be licensed freely for imports from non-dollar areas....(Appendix B)

(iii) A list of articles which will not be licensed... (Appendix C).

4. Importers are requested to study these lists carefully and avoid making applications for import licences for articles which will not be licensed for imports.

Articles which are not mentioned in Appendices, A, B, or C will be subject to overall monetary ceilings.

5. OPEN GENERAL LICENCE NO. IX.--The Government of India have decided that the Open General Licence No. IX will be cancelled with effect from the 1st January 1948. To enable importers to meet the commitments already made, shipments made within a period of three months, i.e., up to the 31st March 1948, will be allowed to be cleared without licence. On a study of Appendix C, it will be noticed that all the articles comprising Open General Licence No.IX will be freely licensed for imports from non-dollar sources. It should therefore be possible for importers to obtain necessary import licences for any shipments made after the 31st March 1948. This period of three months is granted to enable them to obtain the necessary import licences.

6. Period of validity of licences.-- It has been decided that all licences issued on or after the 1st January 1948 should be valid for shipments made within a period of six months from the date of issue of the licence, except that the licences for articles which normally take a long period of time to deliver, may remain valid for a period of one year from the date of issue. The period of validity of each licence will be specified on it. The articles for which import licences will be valid for a period of one year are shown in Appendix D to this notice.

7. FORM OF APPLICATION.--It has often been found that the form of application for import licences does not adequately provide all the necessary information required for its consideration. A new form of application has accordingly been drawn up and published in this Public Notice as Appendix E.

Applications for import licences for January-June 1948 should be made in this form and all the information required should be accurately and exhaustively furnished. Any application which is not made in this form or which does not furnish all the relevant information required by this form is liable to be summarily rejected.

8. THE AUTHORITIES TO WHOM APPLICATIONS SHOULD BE MADE.-- Applications for import licences for articles comprised in Part V of the I.T.C. Schedule attached to the Commerce Department Notification No. 23-I.T.C./43,dated the 1st July 1943, should be made to the Chief Controller of Imports, New Delhi. In addition, applications will be received by the Chief Controller of Imports, New Delhi, direct for the items enumerated in Appendix F falling in Part IV of the I.T.C. Schedule, attached to Commerce Department Notification No.23-I.T.C./43,dated the 1st July 1943.

9. Except for the articles in Appendix F, applications for imports of all articles falling in Part IV of the I.T.C. Schedule should be made to the Import Trade Controllers at Bombay, Madras and Calcutta respectively. Applications for import licences for articles in Parts II and III should be made to the Deputy Chief Controller of Imports, Calcutta and Bombay respectively.

10. DATES FOR MAKING APPLICATIONS.--In order to facilitate quicker disposal of applications received for import licences, it has been decided to invite applications during January-June 1948 in three different batches.

(i) Applications for import licences from actual consumers of goods, such as industrial concerns importing raw materials for their own use, will be received not before the 1st January 1948 and not later than the 20th January 1948.

(ii) Applications for import licences from importers who have imported similar goods in 1945-46 or earlier years will be received not earlier than the 20th January 1948 and not later than the 10th February 1948.

(iii) Applications for import licenses from parties who have not imported similar goods during 1945-46 or earlier years, will be received not earlier than the 10th February 1948 and not later than the 28th February 1948.

11. Importers are particularly requested to adhere to these dates so that the administrative work involved in the issue of import licences be properly spread over and be attended to with as much promptitude as possible. These considerations particularly apply to the grant of import licences for articles for which licences to be issued are subject to monetary ceilings. Applications for import licences for freely licensed goods, i.e., for articles contained in Appendices A and C may be made at any time.
